*Daily Value not established.		
Other Ingredients: Gelatin, starch		
Store in a cool, dry place away from sunlight. KEEP OUT OF THE REACH OF CHILDREN.		

This product is not intended to diagnose, cure or prevent disease.

**Suggested Use:** Take 1 capsule one to three times daily 30 minutes before meals. If maximal fibrinolytic effect is desired, take 2 capsules three times daily 30 minutes before meals for 3 weeks or consult your physician for optimal dosage. **Warning:**

Please consult your physician before taking this product or any other health supplement, especially if you are on any prescription medicine, are pregnant or have bleeding risks. People with known allergy to lumbrokinase should not take this product.

### Boluoke®

#### Recommended For: Circulation & As A Blood Thinner

Boluoke (lumbrokinase) is the strongest cardiovascular enzyme supplement available. It improves circulation and provides stronger anti-inflammatory, blood thinning, and anticoagulant activities than Nattokinase. Most heart attacks are due to blood clots, so ideally anyone with a history of blood clot, or previous heart attack, may add Boluoke for added protection against clots. Many people concerned about the dangers of Coumadin choose this combination, as an alternative to Coumadin or Plavix.
