Net Weight:

2 fluid ounces

Contains no artificial fragrance or color.

ProgesterAll™ Natural Balancing Cream

Recommended For: Premenopause/Menopause & Estrogen Balance

ProgesterAll™ contains the exact amounts of the ingredients that Dr. Lee recommended for women in his groundbreaking books, including:

- What Your Doctor May Not Tell You About Menopause
- What Your Doctor May Not Tell You About Premenopause
- What Your Doctor May Not Tell You About Breast Cancer

ProgesterAll™ is the only natural balancing cream that has the Lee family's permission to have Dr. Lee's name on it. Indeed, the Lee family is the majority owner of the company that produces ProgesterAll™. This ensures that the product will always adhere to the strict guidelines that Dr. Lee laid down for natural balancing creams.

One of the unique qualities of ProgesterAll™ that sets it apart from similar products is its liposome-mediated delivery system. The system ensures rapid absorption of the ingredients into the skin so they can be stored in the underlying fatty tissues for transmission to the bloodstream. Many customers tell us that unlike other creams, ProgesterAll™ melts instantly into their skin with no greasy residue.
